Fly Tying, Holiday Social and Skills Workshop

Tie-A-Thon Our Dec.1 meeting will feature a very popular venue. Four of our club's excellent tiers will each tie two of their favorite patterns and will bring enough material so that you can sit down with your vice and fly tying tools and tie their pattern one step at a time. The flies that you successfully tie will also act as a guide as you later duplicate them in the comfort of your home. If anyone needs a vise or other tools, contact me (Pat Damico) at 727-504-8649. ***Our Sergeant at Arms has orders to fine anyone found standing with arms folded!***
Host tiers and patterns:

Lloyd Bull: *Red Squirrel* and *Peacock Nymph*

Bill Murdich: *Wiggler Bugger* and *Parachute Royal Coachman*

Logan Valeri: *Black Ant* and *Bullet Head Hopper*

Nick Angelo: *Bendback* and *Redfish Toad*

Food and Fun **Do not eat before the meeting--A genuine fish fry will be provided, but a favorite appetizer or dessert would be appreciated.** Engage in friendly conversation, improve your skills and meet more of your fellow members!

Slides and Photos Bring any pictures that would be of interest to the club. We'll have projectors for slides and computer files. This is a popular event. If you have 5-10 minutes worth of fishing or travel pictures, please bring them and share them with the membership.

Fly Fishing Flea Market Bring all of those fishing items that you no longer use to the meeting. We will set up an area for those interested buyers, sellers, and traders to get together. Bring rods, reels, fly tying materials, anything but old bait!

Knots and Rigging Learn how to tie knots, construct tapered leaders, and rig tackle. Bring your tackle to be rigged. One of the club's friendly and knowledgeable members will be glad to assist you.

IT'S TIME TO PAY YOUR DUES—USE FORM ON WEBSITE OR PG 9

Directions to Our Meetings: **From I-75**---Take Bruce B. Downs exit from I-75; go west 2 miles to traffic light, turn left onto Tampa Palms Blvd., then left on Compton Drive, and right at Compton Park. **From I-275**---Take Bearss East to Bruce. B. Downs; then Bruce B. Downs east/north to Tampa Palms Blvd. Rt. on Tampa Palms, then left on Compton Drive and right at Compton Park

DECEMBER 2010 PRESIDENT'S MESSAGE

Dear Members,

Welcome to December and our traditional TBFFC events. Look on page 3 for a description of our "Play Hooky" outing and the Don Coleman event at Fort Desoto Park, then sign up for them at the meeting.

Many thanks to **Brad Lowman** for his presentation on freshwater bass fishing, and for participating in our Bull Session fly tying.

Thanks also to **Lloyd Bull, "Smitty" Smith, Jeff Janecek, Walt Durkin, Robert Fischer**, and anybody I forgot to mention for helping to make the Bull Session successful once again.

Those who were otherwise occupied and missed the Big Gun Shootout on November 21, passed up a great opportunity. Nine teams of three duked it out for the trophies, but more importantly for the camaraderie and chance to test their own prowess with the long rod. Thanks to **Walt Durkin** for heading up the event, and for all those who helped to judge, set up the course, bring food, or assist in any way. A complete tally of the shootout is given on page 8.

Tight lines--Dick

2010 TBFFC MEETING DATES

Here are the meeting dates for the rest of 2010 and 2011; December 1, January 5, February 2, March 2, April 6, May 4, June 1, July 6, August 3, September 7, October 5, November 2, December 7 **Please watch this space for any changes.**

PLAY HOOKY FOR THE HOLIDAYS

When: Friday, December 10, 10 a.m.-4 p.m.

Where: Cockroach Bay

This year we will play hooky at Cockroach Bay. This has become a favorite outing for many of our members. Take a day off, leave the holiday stress behind and join us for a day of semi-relaxed fishing for sea trout, redfish, and whatever else is in those fine waters. Lunch will be served, along with good fellowship and tall tails.

Sign up at the December club meeting

DON COLEMAN INVITATIONAL OUTING

WHAT: 4th annual outing sponsored by the Suncoast Flyfishers, with TBFFC and Mangrove Flyfishers invited to attend.

WHEN: December 18, 2010

WHERE: Fort Desoto Park

MEET AT: Boat ramp to pick up a partner, or just start fishing wherever and whenever you wish.

LUNCH and CHILI COOKOFF: Noon at the Arrowhead Picnic area. Better plan to get there a little early—the food ran out just before noon last year. This is developing into a chili cooking contest. The TBFFC official chili entry will be by Ted Hagaman (remember his great chili at the Don Hanson?). **Feel free to bring appetizers, baked goods or desserts to put on the buffet table.** There will be plenty of hot coffee and cold drinks. If it rains, lunch will be at shelter #10 in the North Beach Picnic Area

WINTER EVENTS TO BE SCHEDULED

1. Club Outing at Simmons Park
2. Shad Outing – January or February 2011
3. The TBFFC annual banquet and silent auction

TIPS FOR TBFFC – No. 30

Casting Tip for TBFFC: 13

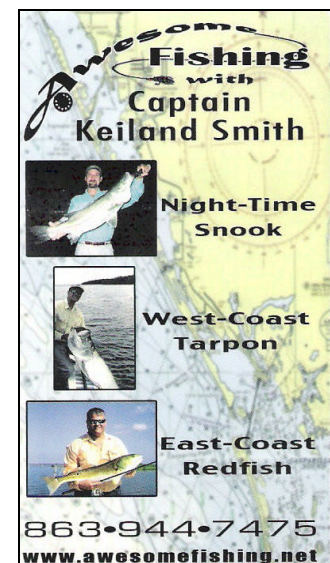

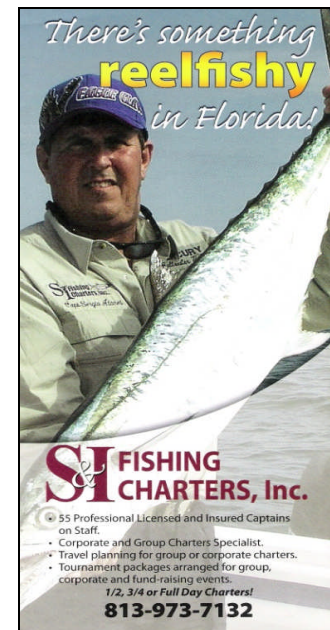

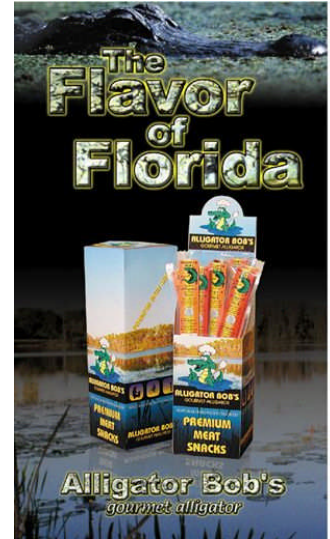

When casting, why do I sometime hear a “crack” when starting my forward cast?

This is a common casting fault that can be accompanied by frayed leaders or flies that lose most of their dressing. If you begin the forward cast too early and too fast this will happen. The forward part of the cast should begin as the line is almost completely unrolled, **this does not include the leader**. It should look like a candy cane. Begin all casts slowly increasing speed to a final stop. As with other casting problems, slow everything down, always trying to make a technically acceptable cast.

Member Photos, December 2010

David Mullins got this nice slot Trout fishing the start of the incoming tide off of Cypress Beach in Tampa. The fly was a white and pink toad, fished on the edge of the drop-off with a 7wt intermediate sinking line. Dave couldn't get in the photo because he was fishing alone.

Jeff Janecek (above left) takes time from his responsibilities as Program Lead for Project Healing Waters to be a guest tier at Florida FFF Conclave, Oct. 22-23, in Orlando. He is shown tying one of his very productive fresh water poppers.

Rick O'Hara, (above right) another of the now-famous masked men, caught this beautiful Redfish while kayak fishing recently with Neil Taylor, our September guest speaker. The redfish took a Copper Liz and then took Rick for a Nantucket sleigh ride!

Complete Results of the 2010 Big Gun Shootout.

The event was organized by **Walt Durkin**, who was assisted by many club members.

This year, the scoring was changed to make each casting station have an equal weighting of 100 points. In addition, the 4th target at the accuracy station had to be hit with the contestant using a backcast, or casting with his/her "wrong" hand.

The winners are highlighted in yellow on the table below, which is arranged in order of team scores. Trophies were not available at the time of the shootout, but will be engraved and presented at a later date.

1. The overall winner was **Nick Angelo**, with a score of 525 out of a possible 600 points.
2. The highest scoring team was "Skinny", with **Greg Peterson, Dave Chouinard, and Chris Homer**.
3. The winner of the longest cast during the afternoon shootout was **Dave Olsen**, who was the defending champion.

How to win the Carl Hanson Outing

by Jeff Janecek

I've always wanted to try Frank Sergeants Park. Ken's (Ken Hofmeister) big catch numbers every year were hard to ignore. How could I fish hard for 4 hrs and get 10 fish and this man in the 80's?

I found it to be a completely different fishery with clear, shallow water, low branches, and shady nooks. The river is very narrow here. Perfect for a 3wt Temple Fork with Rio grooved flyline. The grooves make for a slick casting surface; with no cleaning till the end of the day. The rod loads up with one back cast and a 15' cast is very accurately placed. 11 fish were caught in the tight canal leading to the river. Once it opened, I found fish schooling in front of every tree; the shallower the better. I could catch 8 to 10 and move on 15'. I used a #8 chartreuse grasshopper with an 11' leader and 6lb tippet. A hard splat on the water and one tug of the line was all that was needed. A very deliberate steady lift of the rod would set the small sharp hook the best. I averaged 34 fish per hour. This figured could have been much higher if all the strikes connected. Four bass were caught...just by landing next to them. I didn't retrieve the fly back. The largest was 11 inches. Many larger bass were around busting glass minnows, but my goal was to get high numbers, so a popper was not tied on. I had a slack between 9:30 and 10:00. Then heading down river produced a fish on every cast again. I know 138 fish is hard to swallow, but give this area a try and you will be convinced when you get back to the boat ramp. 🌞

*Editor's Note: Jeff won the Carl Hanson trophy for the most fish caught with a record 138 count. He also tied with **Walt Durkin** for the biggest fish caught (an 11-inch bass), and will share the new "big fish" trophy, a framed print of Carl Hanson. Unfortunately, there was no available photo of Walt holding this print at the time of publication.*

2010 MCFF/CCA "Fall Fly Fishing Challenge" Results

The 2010 Mangrove Coast Fly Fishers/Coastal Conservation Association "Fall Fly Fishing Challenge", headquartered at the Sarasota Outboard Club, was held on Saturday, November 6, 2010. A total of 28 fly anglers in 2 divisions participated in the catch, photo and release event targeting multiple species in a points per inch format. The event is a fun, friendly competition designed to promote the sport of fly fishing and benefit conservation efforts of both organizations. Sponsors of the event were Orvis, CB's Saltwater Outfitters, Economy Tackle, Tampa Angler, Cook's Sportland, Fisherman's Edge, Discount Tackle Outlet, New Pass Grill and Bait Shop, Andy Thornal Co. and Flying Fish Outfitters.

Fishing Report and Forecast

“What a great time to go fishing!”

Capt. Byron Chamberlin and **Capt Nick Angelo** were entered in the RedFly Tournament and caught several nice trout, one measuring close to 26 inches. They caught the trout while targeting redfish. They did also catch 30 redfish; most were small rats but they did catch about 6 in the 20 to 24.75 inch range. Capt. Byron reports that due to the water temp dropping to what it should be for this time that fishing is pretty good.

The MCFF/CCA all fly tournament was fished on Saturday, November 6 in 20 to 25 MPH winds and 40- 60 degree temps. out of Thompson Park in Sarasota. **Capt. John Hand** guided **Dusty Sprague** to 1st place in the open division. **Robert Fischer** fished with **Tom Cawthon** and they took 1st and second place in the amateur division. *See article elsewhere in this newsletter.*

David Mullins ventured to Picnic Island right after the cold front to test some new fly patterns he just learned to tie. The ladyfish loved all colors except the copper/brown pattern. He caught about three dozen. Later in the day Dave met another fly fisherman and exchanged views on why they were out in cold weather and winds up to 20 knots. Dave’s reply was that it was good practice.

Capt. Rick Grasset reports that fishing in Sarasota Bay has been very good. Anglers fishing with him caught a variety of fish including trout, blues, redfish and pompano.

Jeff Janecek won the Carl Hanson outing trophy for most fish caught with an amazing 138. He also shared biggest fish honors with **Walt Durkin**. Each caught a bass measuring eleven inches. Jeff and friend Rick went back to the Hillsborough River and caught about 60 more.
